About This Game

A concept anyone can instantly understand.
The joy of experiencing a novelty not found in any other game.
A game you will want to play again and again after only a short period of time.

We have succeeded in these goals by developing this pinball game!

With features not found in any other pinball machine,
it is a title worthy of the genre once called the King of Games.

An entirely new, yet classic play field!
It can be played over and over again, with rules both simple and profound!

Mind-bogglingly realistic graphics!
The ultimate ball and flipper action!

Title: Pinball Parlor
Genre: Action, Casual, Indie
Developer:
Mindware Co.,Ltd.
Publisher:
Mindware Co.,Ltd.
Release Date: 24 Dec, 2016

b4d347fde0

Minimum:

Requires a 64-bit processor and operating system

OS: Windows 7 or later

Processor: Dual-core processor (Intel Dual Core 2.0 GHz or AMD Athlon X2 5200+ 2.6 GHz)

Memory: 2 GB RAM

Graphics: DirectX 11 compatible graphic card

DirectX: Version 11

Storage: 2 GB available space

Sound Card: DirectX 9.0c compatible sound card

English,Japanese

This pinball game has charm. I think it takes inspiration from old electro-mechanical classics, so it's not complicated in board design and scoring. I like atmosphere here, to which different elements contribute: jazz background music, pop-art illustration graphics, sounds of bells\chimes. This game had somewhat rushed release, but developer continued to fix the bugs and improve it over the time. Though some people prefer different physics in pinball (i heard opinions that it's a bit floaty for them here, and nudging is strong). Speaking of which, i like that in Pinball Parlor you can actually do tap pass (you can't do that in many videogame pinball afaik)! And it seems to be implemented technically correct, which should be because developer has experience of creating hardware pinball machines as well.
